

# MARINE CARD OH&S GENERAL INDUCTION COURSE

## A new BIA Membership Service for Managing Risk and Safety for Employees, Contractors and sub-contractors

The NSW Occupational Health & Safety Act 2000 and Environmental Considerations contain CRITICAL RESPONSIBILITIES FOR EMPLOYERS, EMPLOYEES AND INDEPENDENT CONTRACTORS. These responsibilities continue to be vigorously monitored and prosecuted.

The OH&S Act requires you to:

- Promote OH&S in the workplace
- Provide systems of work that are safe and without risk to health
- Prevent industrial injuries and diseases
- Protect the health and safety of the public in relation to work activities
- Provide rehabilitation and maximum recovery from incapacity of injured workers

### YOUR OBLIGATION

You must make every endeavour to protect the health and safety of fellow workers, yourself, visitors, contractors, site personnell, customers and tenants.

The BIA Contractors Package and Marine Card OH&S General Induction Course will assist you in meeting your legal obligation and guide you in maintaining a paper trail of the correct records.

Providing a set of generic guidelines and checklists for meeting your obligations under the OH&S Act, this package of tools will evolve to meet future requirements and is suitable for all types of marine business.

### KEY BENEFITS

- Being able to produce risk management plans specifically relating to your business.
- A consistent approach to safety documentation management.
- The ability to include employees, contractors and sub-contractors in the consultation process regarding risk, safety and health issues at your site.
- The ability to undertake self-evaluation to determine your progress and compliance with NSW Laws.

Issued to those who complete the course, the Marine Card demonstrates to marinas and other business owners that the holder is aware of generic OH&S requirements, as required under the OH&S Act

**It's the "Greencard" for the Marine Industry, don't be caught without it.**
