

A Lifejacket

Never ruined a day
on the water

The reality is, accidents do happen while boating. With modern inflatable lifejacket styles you'll be able to wear one all day without it getting in the way. Wearing a lifejacket could save your life and must be worn when on a vessel under 4.8m, when offshore, alone at night and by children under 12 years. Visit lifejacketwearit.com.au to see the new generation styles.
